Next year, it is proposed that Competition 1 consists of a Double Dewar with two 50yard details and two 100yard details but so far we have no idea how to fit this in so that a late start can be given to the travelling shooters. It has also been proposed that we open the details to mixed classes instead of reserving the noon detail for "A" class.

The Denwood Range Association is interested in any improvements in the programme, organisation and range facilities that can be made but we need to know what you want, so speak up and let's hear your suggestions!

The Denwood Range Association thanks all those who made this meeting possible and in particular to Crockart & Son of Stirling for the donation to the Grand Prix First Prize.

Finally, thanks to a good-natured bunch of shooters who really did pick up the "empties" this time and to the few who gave so generously to the "Clip Fund". The "Denwood Tubes" were intended to be taken away but you'll get a second chance to get one at the "Scottish"

Haste ye back,
